

3rd R. N. Raikar Memorial International Conference and Gettu-Kodur International Symposium on **ADVANCES IN SCIENCE & TECHNOLOGY OF CONCRETE**

14th & 15th December 2018 • St. Regis, Mumbai

100 Experts from Worldover to discuss State of Art Technologies

Key Features

- ACI committee **364 past chairs and global veterans** on repairs like Peter Emmons, David Vocknr, Keith Kestner, Pete Barlow, Ashok Kakade and TAC member Pericles **are conducting a full Session outside USA for the first time.**
- Dr. Keith Kestner, Chair of ACI committee 562-16, **“Code requirements for Assessment, Repair and Rehabilitations of Existing Concrete structures and Commentary”** is going to give a much sought after lecture in the Conference.
- Father of SCM, **Dr. Mohan Malhotra** has allowed IC-ACI to publish in India his book on **THE USE OF HIGH VOLUME FLY ASH.** Adoption of this technology will be a savior in the times of shortage of sand and limestone.
- **Dr. Satyendra Ghosh**, the ultimate authority in the world on earthquake resistant design and integral part of **ACI 318** will be delivering a lecture on the subject.
- **10 papers on Fire related issues will be presented at the Conference** with **Prof. Venkatesh Kodur** a soft spoken giant in the field of FIRE and the principal investigator for 9/11 catastrophe leading the session with a lecture on the subject.
- **Papers from all over the world** will be presented at the Conference **on issues like corrosion, rehabilitations, steel structures and bridges** as special structures needing careful consideration to construct.
- **Signature Bridge** in Delhi and **White Cement Museum** in Mexico City is a marvel as well as pieces of artistry by itself. Hear the presentations on the subjects at the Conference.
- **Avoiding cracking of the concrete** by practically doing it **with liquid nitrogen technology** on large scale is being brought to India with a paper on the subject and a live demonstration.
